Rolling Plains Construction Project Engineer

Job Title: Project Engineer

Location: Nationwide Opportunities

Employment Type: Fulltime

Schedule: 40-60 hours per week

Wage: \$75,000 - \$85,000 Yearly

About the Role

Rolling Plains Construction, a leading commercial specialty trade construction company specializing in fireproofing and spray insulation services, is seeking a skilled and motivated Project Engineer to join our dynamic team. As a Project Engineer, you will play a crucial role in managing our spray fireproofing and spray insulation projects, ensuring their successful execution and delivery. Immediate potential assignment: Texas, Idaho, North Carolina, Ohio, Arizona, Indiana

Key Responsibilities

- Manage all phases of construction projects, including planning, scheduling, budgeting, and execution
- Collaborate with the Director of Operations to plan, coordinate, and execute spray fireproofing and spray insulation projects in the Dallas area.
- Review project plans, specifications, and budgets.
- Respond to project requirements, evaluate potential risks, and assist in complying with safety standards and regulations.
- Assist in the development and implementation of project schedules, ensuring timely completion within budget constraints.
- Coordinate with suppliers, internal teams, and other trade contractors to procure necessary materials, equipment, and manpower.
- Monitor project progress, identify issues or delays, and implement corrective actions as required.

- Prepare and maintain accurate project documentation, including progress reports, change orders, and RFIs.
- Act as a liaison between the Dallas office, clients, and stakeholders, addressing any concerns or queries promptly.
- Provide technical support and guidance to field personnel, resolving technical issues that may arise during the project.

Qualifications

- Bachelor's degree in Construction Management or a related field is preferred, but not required.
- Proven experience (2+ years) in project management, preferably in construction or a related industry.
- Strong knowledge of spray fireproofing and insulation techniques, materials, and industry best practices.
- Proficient in industry utilized software and tools (e.g., MS Office, Outlook, Bluebeam).
- Excellent organizational and time management skills, with the ability to prioritize tasks and meet deadlines.
- Strong analytical and problem-solving abilities, with a keen attention to detail.
- Effective communication and interpersonal skills to collaborate with diverse teams and stakeholders.
- Ability to work independently and as part of a team, adapting to changing project requirements.

What We Offer

- Competitive salary commensurate with experience.
- Comprehensive health, dental, and vision insurance plans.
- Retirement savings plan (401k) with employer matching.
- Paid time off and holidays.
- Professional development and training opportunities.
- Dynamic and collaborative work environment with opportunities for growth.

How to Apply

Interested candidates should submit an online application at talent.rollingplains.com and send resume to hire@rollingplains.com. Please include "Project Engineer" in the subject line.

Equal Opportunity Statement

Rolling Plains Construction is an equal opportunity employer. We consider applicants for all positions without regard to race, color, religion, sex, national origin, disability, veteran status, or any other protected status in accordance with applicable laws.
