SPECIALTY CONTRACTING, LLC

Spray Foam Insulation Installer

Shippy Specialty Contracting, LLC

Position Summary

Shippy Specialty Contracting, LLC is seeking dependable, safety-minded **Spray Foam Insulation Installers** to join our growing team. This position is responsible for the professional installation of spray polyurethane foam (SPF) insulation on commercial and industrial construction projects while maintaining high standards for quality, safety, productivity, and jobsite cleanliness.

The ideal candidate is hardworking, detail-oriented, comfortable working in an active construction environment, and committed to producing quality work. Previous spray foam insulation or construction experience is preferred, but candidates with related trade experience and a willingness to learn are encouraged to apply.

Key Responsibilities

- Install open-cell and closed-cell spray polyurethane foam insulation according to project specifications, manufacturer requirements, and company standards.
- Operate spray foam equipment, proportioners, heated hoses, spray guns, pumps, compressors, and other installation equipment.
- Prepare work areas and substrates prior to spray foam application.
- Mask and protect surrounding surfaces, equipment, windows, floors, and finished materials from overspray.
- Apply spray foam insulation evenly and consistently to achieve specified thickness and coverage.
- Trim excess foam and complete necessary touch-ups to provide a clean, professional finished installation.
- Perform routine inspections and basic maintenance of spray foam equipment, hoses, guns, and related tools.
- Assist with equipment setup, breakdown, cleaning, and troubleshooting.
- Properly handle, store, and transport insulation materials and jobsite equipment.
- Maintain clean and organized work areas throughout the project.
- Follow all company safety policies, OSHA requirements, manufacturer guidelines, and project-specific safety procedures.
- Properly wear and maintain required personal protective equipment (PPE), including respiratory protection when required.
- Communicate effectively with supervisors, project managers, general contractors, and other members of the field team.

- Identify potential installation or substrate issues and communicate concerns to supervision before proceeding.
- Complete work efficiently while maintaining Shippy Specialty Contracting's standards for quality and workmanship.
- Perform additional construction-related duties as assigned.

Qualifications

- Previous spray foam insulation experience preferred.
- Commercial or industrial construction experience is a plus.
- Knowledge of open-cell and closed-cell spray foam installation methods is preferred.
- Experience operating spray foam equipment is highly desirable.
- Ability to read basic construction drawings, specifications, and work instructions is a plus.
- Strong attention to detail and commitment to quality workmanship.
- Ability to follow verbal and written instructions.
- Dependable attendance and ability to work effectively as part of a team.
- Willingness to learn new installation techniques, equipment, and safety procedures.
- Ability to work flexible schedules, including overtime and weekends when project schedules require.
- Ability to travel to project locations when required.
- Must comply with all company and project-specific safety requirements.

Physical Requirements

This is a physically demanding construction position. Employees must be able to:

- Frequently stand, walk, bend, kneel, crouch, reach, and climb throughout the workday.
- Lift and carry construction materials, tools, hoses, and equipment.
- Work from ladders, scaffolding, lifts, and elevated work areas when properly trained and authorized.
- Work in confined or restricted spaces when required.
- Wear required PPE and respiratory protection for extended periods.
- Work in varying temperatures and typical commercial construction environments.
- Safely perform repetitive movements associated with spray foam installation.

What We Look For

At **Shippy Specialty Contracting**, we value employees who take pride in their work, put safety first, communicate effectively, and understand that quality installation is essential to the success of every project. We are looking for individuals who want more than just a job—we want team members who are interested in developing their skills and growing with our company.

About Shippy Specialty Contracting

Shippy Specialty Contracting, LLC provides specialized construction services with a focus on **quality installation, safety, reliability, and customer service**. Our team works collaboratively with general contractors, owners, manufacturers, and project partners to deliver specialty construction scopes that meet project specifications and performance requirements.

As we continue to grow, we are looking for skilled and motivated construction professionals who want to build long-term careers with a company committed to its employees, customers, and projects.

Shippy Specialty Contracting, LLC is an Equal Opportunity Employer.
